NATIONAL OPENS APRIL 12

League Schedule Announced
By the Magnates in
New York.

A BUNT IS DEFINED.

New York, Feb. 15.—Both the American and National leagues completed their spring meetings today. The principal item of news that came out of the meeting today was the schedule of the National league. The season will open April 12, on which day Boston will play at Brooklyn. New York at Philadelphia, Chicago at Cincinnati, and Pittsburgh at St. Louis.

The season closes in the east October 4, Philadelphia playing at Brooklyn, and Boston at New York. In the west the season closes the day following, Pittsburgh playing at Cincinnati, and Chicago at St. Louis.

The National league passed resolutions prohibiting visiting magnates, officials of players from issuing passes to foreign grounds. After the beginning of the championship season of 1906.

The bunt. Among the resolutions to a number of rules adopted by the joint rules committee was one to rule "bunt" to make it legal.

A bunt is a legally batted ball not swung at but with the bat and which may be batted with the hand.

The change merely defines the bunt, which has been a long time in the making. The bunt has been a long time in the making.

The bunt has been a long time in the making. The bunt has been a long time in the making.

SURFACE SIGNS
ARE FAVORABLEIndicate Miners and Opera-
tors Will Reach An
Agreement.

THE QUESTIONS AT ISSUE

Are Referred to Sub-Com-
mittees For Considera-
tion and Report.

New York, Feb. 15.—The special committee of the union of Anthracite Mine Workers of Pennsylvania, arrived from Pennsylvania, and held a conference with the operators and other officials of coal mining companies here today. Stated in general terms the propositions it desires the operators to grant and then retired to formulate in detail the demands.

Before the conference adjourned, two sub-committees of seven men each were appointed, one representing the miners, the other the operators, to take up the questions of issues and to endeavor to reach an agreement. When these committees have completed this work they will report to the conference.

Good Feeling. The most good feeling prevailed during the meeting and there were many signs that all matters at issue may be settled without resort to a strike. That the mine workers were not completely prepared to go ahead with negotiations came as a surprise to the operators, as they had been led to believe the miners had perfected their case. The operators were fully prepared to proceed and some of them were disappointed that the miners were not quite ready.

The conference, so far as it related to the coal companies, was the most representative that has ever been held. Every coal company in the anthracite region was represented. President Mitchell of the miners' union was the spokesman for the employees and made a speech that was well received by the operators.

Won't Talk About It. Neither Mitchell nor the operators would discuss the nature of the demands made by the miners but it is believed that they are substantially the same as those made at the board of the meeting of miners at Shamokin last December. These demands call for an eight-hour day, without any reduction in wages, for employees paid by the hour, day or week, uniform wage scales for all classes of employees, and a twenty per cent increase in wages for the operators and the board of the meeting of miners at Shamokin last December.

There are other grievances of a minor nature. President Mitchell when seen tonight refused to make any comment on the outcome of the first meeting, but he said among other things that the miners showed they were as a whole well satisfied with the situation. While the operators would venture an opinion for publication as to the outcome of negotiations it is known they believe the proceedings of the conference were favorable for ultimate harmony between the mine workers and the companies.

Immediately after adjournment the conference of the miners' representatives returned to their headquarters, where sub-committees held a preliminary meeting to discuss plans. After an hour's conference it was announced the sub-committee will begin work on formulating demands in detail tomorrow morning. In the meantime other members of the committee will remain in New York for consultation. It is not known when the miners' sub-committee will be ready to meet the sub-committee of the operators, as it expects to go into the mountains today in presenting the miners' case. It is probable they will not be able to return before the early part of next week.

DOLAN SPEAKS PLAIN
Leaves Inference That Some One Sells Out the Miners.

Pittsburg, Pa., Feb. 15.—When the Pittsburg miners' convention resumed session today President Patrick Dolan made a crass address to the delegates in reply to a letter from President John Mitchell which was read to the delegates yesterday by national Vice President Lewis. He charged Mitchell with sending national board members into Pittsburg to try to defeat him.

Dolan is Printed. "I want to go on record," he said, "in saying the present wage scale is the best the miners ever had, and we didn't get it by selling out to the operators. John Mitchell and W. D. Ryan are not the only men in the country who understand the industrial situation."

ANNIVERSARY OF
MAINE'S LOSS.

American Colony Observe It By Putting Wreaths On Mast.

Juana, Feb. 15.—The American colony today observed the eighth anniversary of the destruction of the Maine. Flags and wreaths were placed on the masts of the battleship. A visiting body of Knights of Columbus participated in the ceremonies.

OLD JOURNALIST DEAD.

San Francisco, Feb. 15.—Henry Gerald, a well known newspaper man, is dead, aged 76. Gerald together with his son, Edward, owned the Evening Post, which was founded by Gerald. He was associated with the paper for a number of years and had been a member of the board of directors for many years.

GERMANY IS FRIENDLY

Reichstag And The People
Are Hunting Tariff
Trouble.

CANVASS WAS MADE.

Berlin, Feb. 15.—The government will go before the Reichstag within three or four days with a proposal to give the United States the same treatment under the new tariff which becomes operative March 1, as that given countries with whom Germany has arranged reciprocal trade treaties.

The position of the German government is one of uncommon difficulty because both industrial and agricultural interests have been pouring in memoranda and petitions urging the government to stand firm and not hand over to the United States for next to nothing privileges for which other countries have given equal returns in kind.

The government therefore faces a delicate task as it is unable to make concessions to the United States senate. The government has been canvassing the members for several days in an endeavor to find a majority for its proposition. This is still a matter of doubt with chances in favor of government success.

Tariff Fight Popular. Asking the exchange for authority to enter upon a tariff fight with the United States would be a far more popular suggestion, as the commercial interests seem to prefer such course. The government's view is political, rather than economic, preferring not to insist on concessions of an extensive character from the United States when it is known that the president is powerless to obtain them from the senate, and to enter upon a short term arrangement with the United States in the hope of making better terms later.

TURNER LETS LOSE TIRADE
Says Old Glory is Dirty Rag
And That Hell Has
U. S. Beat.

Macon, Ga., Feb. 15.—In an address today before a convention of negroes to discuss racial problems, Bishop Turner declared the American flag to be a dirty and contemptible rag. He said that the flag was an insult to the United States so far as negroes were concerned.

Concluding he said: "If a little ignorant and stupid white man who was never heard of and never would be heard of until ten thousand years after the resurrection trumpet blows, should be allowed to be a citizen of the United States, and to stand the negro and humiliate him, and to challenge anyone and all of them to meet in public discussion and I will show that the negro is a far better man than they are."

FAMILY IS POISONED
J. Barnett and Two Children
Dead and Others
Dying.

Stockton, Calif., Feb. 15.—J. Barnett and his two daughters are dead from some mysterious poison and Mrs. Barnett, who had been nursing Barnett's children, is also ill. Her symptoms are similar to those of others. Barnett died today at the Emergency hospital, one of the children died last Saturday and the other yesterday.

It was got until Barnett was taken dangerously ill that poison was suspected. German Southwestern is making an investigation. Symptoms indicated prussic poisoning. The only article of food suspected is ham, of which the family had been partaking.

SALOON KEEPER KILLED
Robbers Shoot Him And Run
Without Securing Any
Booty.

Cincinnati, Ohio, Feb. 15.—Henry Raiche, a saloon keeper was shot dead by one of three masked robbers who entered his place tonight for the purpose of robbing him. When the robbers entered seven men standing at the bar were ordered to hold up their hands. All obeyed except Raiche, who made a movement toward the bar. Quick as a flash one of the robbers shot him in the head. The robbers then rushed from the place without securing any booty.

P. Stants Shot and Killed At His Hotel In Pomona, Cal.

Pomona, Cal., Feb. 15.—P. Stants, proprietor of the Pacific hotel, was shot in the neck and mortally wounded last night by his young wife, who used a revolver. The couple had quarreled. Mrs. Stants is in jail. She came here a few months ago from Canton, Ohio.

SENDS ELECTION NOTICES.
City Clerk Al Leach on Thursday sent out to the election judges the notices of election to be posted by them ten days before the primaries. The primaries will be held March 3 and the election on April 17.

BUFFALO SKIN
VEST AS GIFTIndians in Traditional Cos-
tume Left Offering With
The President.

BRIDE GROOM HAD DODGED

Gave it to Groom Because
Miss Alice Was Getting
Best of Presents.

Washington, Feb. 15.—Ten Ponca Indians who came from Oklahoma to present Representative Longworth a buffalo skin vest, were much disappointed at not finding Longworth in the house when they visited the capitol this afternoon.

The Indians were especially painted and dressed in beaded buckskin clothing in anticipation of an elaborate presentation ceremony. Their gift for the president's prospective son-in-law is made from the hide of a young buffalo which is more highly prized by Indians than any other trophy of the hunt.

Call on President. The delegation called on President Roosevelt this afternoon to pay their respects to the "Great White Father." Incidentally Eagle Horse, chief of the band, presented to the president their gift for his future son-in-law. The chief added they made a present to the groom, because the bride already had received many presents and they felt the bridegroom ought not to be neglected in this respect.

More Costly Gifts. Attorney General Moody will present to Miss Roosevelt a pair of silver candle sticks, beautifully chased and of elegant design. Secretary and Mrs. Shaw will present to her a chocolate set of rare Worcester ware inlaid with silver.

Secretary and Mrs. Taft's present is a set of glass vases of an American manufacture. Twenty members of the Metropolitan club united in presenting a square beaten silver of antique design with autographic production of signatures of the donors.

The Tafts. The presents of the members of the Taft party with which Miss Roosevelt traveled to the east was a gold necklace, alternate links set with diamonds, with a pendant of aqua-marine of a wondrous size and translucence, surrounded by diamonds. Aqua-marine always said to be valued at over \$1000 aside from the setting.

Accompanying this present was a card inscribed: "With love and best wishes to our Alice; from members of the Taft party."

The present of the Empress of China has not yet reached Washington and is expected it cannot be received before the wedding.

APPLICATION IS REFUSED
Germany May Fail In Ef-
fort to Secure a New
Tariff.

Washington, Feb. 15.—The conference at the White House today between the president and merchants' representatives and other officials resulted in the refusal of the application of certain importing interests to have the right of open hearings in cases of contested valuations.

This was desired by German merchants, and the refusal will have an important effect upon the plans of Germany relative to the application of a new German tariff.

At the conclusion of the conference Secretary Root returned to the state department, where he held an hour's conference with Baron Sternberg, during part of which Baron Busse, first secretary embassy, was also present. At this conference the ambassador was informed that although it had been found impracticable to upset the present system of appraisals or permit open hearings the Washington government was prepared to operate in every way with German boards of trade and other similar organizations, as well as with leading German merchants in an effort to secure accurate information regarding the value of exports to America. This was only one of several ways in which it is believed custom service can be improved with advantage to German exporters.

Sternberg sent a long report of the conference to his government tonight. Regardless of any arrangement that may be made in the meantime the old treaty between the two countries cannot be continued, but Germany is desirous of providing sufficient modification of customs regulations can be assured here, of granting as far as practicable the same concessions to American commerce as was granted those countries with whom she has reciprocal treaties, until the Washington government has further opportunity to impress upon congress the necessity for a reciprocity treaty with Germany.

TO FULL CAPACITY
Anthracite Coal Men Hurry Up to
Mahanoy City, Pa., Feb. 15.—Every colliery and washery in the anthracite field is being operated its full capacity and this order it is said, is to continue until April 1.

GAVE NICK A RACE

Crowd of Curious Chased
Bridegroom When He
Applied for License.

HE FINALLY ESCAPED.

Washington, Feb. 15.—The marriage license of Miss Alice Roosevelt and Representative Nicholas Longworth was issued by the clerk of the court today at 4:15 o'clock. Shortly after 4 o'clock Mr. Longworth, accompanied by Nelson Perkins, his best man, and three of the ushers, Messrs. Kings, Shaw, Norman and three other friends who refused to give their names, appeared at the city hall and announced his desire for a license to marry.

Assistant Clerk of the Court William F. Lerman filled in the blanks and Longworth responded to the usual questions in such cases. He gave his age as 36 and that of Miss Roosevelt as 22.

When it became known that Longworth was in the hall that there was a rush for the clerk's office, and a large crowd of newspaper men, court officials and lawyers gathered in the room.

The issuance of the license required but a few moments. The party immediately left the building, being followed by the crowd through the corridor out to the portico. Longworth and his friends entered carriages and drove off.

LONG MORNING HOUR
Lasts Until Adjournment of
the House—Compliment
Longworth.

Washington, Feb. 15.—"Morning hour" prevailed in the house today until after 5 o'clock. The net result was the passage of a bill to increase to \$20,000 a year the federal appropriation to each state and territory for the support of agricultural experiment stations, and the bill repealing the present law granting American registers to foreign ships wrecked and repaired on American coasts in the destruction of the security of the department of commerce and labor and requesting a special act of congress to grant such registers.

Furious Opposition. The feature of the day was the attempt of Payne, chairman of the ways and means committee, to get up his bill for consolidation of customs collection districts. Furious opposition developed and by roll call a large majority voted against considering the bill.

Again, when the experiment station bill came up the debate reverted to the Payne bill and it was with difficulty that it could be brought to an end.

An indirect compliment was paid Mr. Longworth by a vote to adjourn today until Monday, although nothing will appear in the record of this purpose.

TIDAL WAVE WAS FATAL
Confirmation of Disaster
Following Earthquake
Received.

Panama, Feb. 15.—Confirmation of the reports of loss of life by a tidal wave following the submarine earthquake January 31 has been brought here by the captain of the steamer Quintero, which has arrived here from Guayaquil January 31.

Several coast villages in the department of Chiriqui were destroyed and more than fifty persons killed or drowned.

The same day an earthquake lasting several minutes was felt in the interior of Colombia.

DOLAN HOLDS CHAIR
Obdurate President of Dis-
trict 5 Refuses to Give
Up Place.

Pittsburg, Pa., Feb. 15.—Addressing the miners' convention today President Dolan gave a resume of the proceedings of the joint conference at Indianapolis to show that he had done what he believed to be his duty. He denounced some of those now opposing him as "men who in times past had to be kept back from going to work while their brethren were on a strike."

Dolan refused to put the resolution relative to unseating the officers until after his attorneys arrived.

The resolutions were declared out of order. An appeal from the chair's decision was taken and the delegates voted against Dolan.

In response to questions Dolan's attorneys said any action taken under parliamentary procedure would not be in violation of the injunction secured by Dolan, that will be intended only to protect him from violence.

TO FULL CAPACITY
Anthracite Coal Men Hurry Up to
Mahanoy City, Pa., Feb. 15.—Every colliery and washery in the anthracite field is being operated its full capacity and this order it is said, is to continue until April 1.

ANOTHER BANK
TO THE WALLAnd Incidentally Some Very
Rash Dealings Brought
to Light.

FORMER JUDGE SMITH IN IT

Bank Had Been in Opera-
tion Only Since Last
December.

Chicago, Feb. 15.—The Bank of America, recently organized in this city, has failed. In papers applying for receivership tonight, charges were made involving amounts aggregating several hundred thousand dollars. Former Judge Abner Smith is president of the bank.

Bonds Sailing. The Bank of America was incorporated last December with a capital stock of \$250,000. The bill asking for the receivership alleges that in the few weeks since the opening of the bank, President Smith so manipulated the securities, mortgages, notes and bank stock, and he has obtained accounts aggregating \$140,000. Officials who, in connection with Smith, are held responsible for the alleged insolvency of the bank are G. F. Sorrow, vice president; Jerome V. Pierce, cashier; and E. E. Creelman, stockholder and director, all of whom, it is alleged, had absolute control of the bank and its funds and had done as they pleased with the funds. The operations of Smith and the other officials mentioned are said to have begun before the bank opened for business. Smith is said then to have borrowed money and placed it in the treasury to deceive the state auditor into believing the stock had been paid up.

Smith was one of the prime movers in the formation of the bank, having subscribed for \$70,000 worth of stock. Besides the allegation charging Smith with borrowing money to make a showing of capital stock and taking money out of the bank's funds, it is charged that immediately after the examination by the state auditor Smith and others withdrew the money they had deposited in payment for their stock; that Smith made a contract with E. E. Creelman, a stockholder, that Creelman could withdraw \$150,000 from the bank at any time; that Creelman has taken \$200,000 from the bank, he giving in exchange drafts many of which it is asserted were sent back unpaid, until now Creelman owns the bank \$250,000.

The bank had about \$200,000 deposits, of which \$150,000 was savings accounts of working people. Representatives of the bank declare there is 40 per cent of the cash on hand and a large amount of paper the value of which is unknown. On this paper depends the chance of the bank liquidating in full.

Attorney Clarence Barrow, who as a stockholder, paid up to the extent of \$11,000 personally, has come to the rescue of the savings depositors, and declares his intention to buy their books as they are presented at the bank.

TURKS SETTLE AGAIN.
Bothered Two American Young Women and Make Reparation.

Washington, Feb. 15.—Full reparation for the ill treatment of Misses Elsie Stern of Buffalo, N. Y., and Anna Snyder of Cedar Rapids, Ia., has been made by the Turkish government.

Secretary Root has received a dispatch from Minister Leshman of Constantinople announcing the government of Pera has made amends for the arrest of the young women and stated the officials responsible would be imprisoned in full.

TWO KILLED; ONE HURT
Rear End Collision Is Fatal
to the Fireman and
Engineer.

Chicago, Feb. 15.—In a rear end collision between a city bus and a freight train today at Lake on the Burlington road twenty-five miles from Chicago, Engineer J. Freney and Fireman J. W. Blaine, of the baggage and mail train, were killed. Both men jumped and were killed by striking the ground. D. S. Smith, freight brakeman, was caught in the wreckage and his left leg was cut off.

DENEEN SELECTS COMMISSION.
Springfield, Ill., Feb. 15.—Governor Deneen today appointed as members of the newly organized international improvement commission of Illinois, Isham Randolph of Chicago, Henry M. Schmoldt, Beardstown, and Henry W. John of Ottawa.

The commission is appointed in connection with the proposed deep waterway between the Great Lakes and the Gulf of Mexico.
